Adobe Photoshop is a very robust program with many tools, filters, features and features that enable users to create and manipulate images. With a large community around Photoshop, it is sometimes difficult to know where to turn

for accurate information and help with your problem. That is why we compiled a list of resources to share with you, a compilation of online resources for Photoshop related concerns. The Internet is a rich resource of information, from help for beginners, advanced tips on design, and loads of helpful tutorials that teach Photoshop users how to use the program. Many online tutorials, Photoshop classes, photo contests and a lot of online Photoshop products

also help people learn how to use the program. Here are the resources we've found useful, organized by topic: Photoshop Elements Elements is a free, downloadable version of Photoshop that provides some of the features found in the full version, as well as a platform for image editing. This software offers a web-based solution for online editing, however, you are able to save or upload your images to your computer and then work on them online. There are several downloadable

programs that work with Elements, including: PaintShop Pro PaintShop Pro is a commercial version of Elements. It is fairly simple to use, and the tutorials on its site are helpful. There are also plenty of helpful community forums online to help you out. Adobe offers a free, 30-day trial version of PaintShop Pro and then there is an upgrade version that costs about $100. PaintShop Pro is one of the most popular programs for professional photographers, as it is more

robust than Elements, and therefore more popular among those who use it. The Adobe channel on YouTube has plenty of useful tutorials to get you started: Pixlr Pixlr is also an online, web-based solution for editing, and includes over 200 free filters and dozens of photo editing tools. There are additional tools, as well as more than 60 free templates to explore. Pixlr also offers a free version of the software, and another paid version that runs about $50. The Photoshop social

channels on YouTube includes plenty of training videos, tutorials, and even competitions that teach users new techniques: Pixlr has a YouTube channel that includes tutorials and help for beginners. It is similar to Elements and includes a free version as well as a paid version: Adobe Photoshop The Adobe Photoshop
